lindenmp

y LindenParkes

Academic Positions

Postdoctoral Research Fellow

Philadelphia, PA

University of Pennsylvania, Department of Bioengineering

July 2019 - present

o Advisors: Prof. Danielle S. Bassett, Associate Prof. Theodore D. Satterthwaite

Nijmegen, The Netherlands

Donders Institute for Brain, Cognition and Behaviour

Advisors: Prof. Christian Beckmann, Dr. Andre Marquand

Sept. 2018 - Oct. 2018

Education

Visiting Scholar

Doctor of Philosophy

Melbourne, Australia

Monash University March 2014 - June 2019

o Thesis: Mapping brain networks in health and mental disorder with structural and functional Magnetic Resonance Imaging

o Advisors: Prof. Murat Yucel, Prof. Alex Fornito, Dr. Ben Fulcher

Bachelor of Science (Honors)

Melbourne, Australia

2009 - 2013

o Thesis: Mapping language processes using Magnetoencephalography.

Advisor: Associate Prof. Conrad Perry

Swinburne University of Technology

Honors, First Class

Dux

Research Employment

Research Assisstant Melbourne, Australia

Monash Biomedical Imaging

2018

Analysis of positron emission tomography (PET) data

Research Engineer Melbourne, Australia

Torus Games & Cogstate

2016 - 2017

Developed gamified cognitive tests for neuroscience research

Magnetoencephalography Technician

Melbourne, Australia

Swinburne Univerisity

Collection, preprocessing, and analysis of Magnetoencephalography (MEG) data

Teaching

Teacher's Assistant Philadelphia. PA

University of Pennsylvania, Department of Bioengineering

2020

2013

Class: Network Neuroscience

Course evaluation score: 3.57/4

Guest Lecturer Philadelphia, PA

University of Pennsylvania, Department of Bioengineering

2019

Class: Network Neuroscience

Guest Lecturer Melbourne, Australia

Monash University 2017 - 2018

Class: Neuroscience Methods

Recitation Tutor Melbourne, Australia

Swinburne University 2014 - 2015

Class: Undergraduate Psychology

Recitation Tutor Melbourne, Australia

Swinburne University 2013

Funding (pending) Career Transition Awards..... K99/R00 Pathway to Independence Award 2021 - 2026 National Institute of Mental Health (NIMH) Project: Developing prognostic neuroimaging biomarkers of the psychosis spectrum using network control theory o \$969,546 USD Received competitive impact score and program official has endorsed application for funding **Funding (awarded)** Fellowships & Scholarships..... 2021 - 2022 Young Investigator Award Brain & Behavior Research Foundation • Project: Hybrid neurodevelopmental normative models for psychosis \$70,000 USD Monash University Postgraduade Publication Award 2018 Monash University • \$6.300 AUD Monash University Graduate Research Scholarship 2014 - 2018 Monash University \$20,000 AUD Australian Postgraduate Award Research Scholarship 2014 - 2018 Australian Government • \$91,000 AUD Grants.... **Innovations Connections Grant** 2016 - 2017 Department of Industry, Innovation and Science, Australia • \$50,000 AUD Associate investigator Travel Awards.... **Abstract Merit Award** 2021 Organization for Human Brain Mapping o virtual, no monetary component Abstract Merit Award 2020 Organization for Human Brain Mapping o \$3,000 USD **Donders-Monash Erasmus Travel Award** 2018 Donders Institute for Brain, Cognition and Behaviour | Monash University o \$3.200 AUD **Future Leaders Travel Award** 2015 Monash Institute of Cognitive and Clinical Neurosciences o \$5.000 AUD **Presentations** Network controllability in transmodal cortex predicts positive psychosis spectrum symptoms 2021 Organization for Human Brain Mapping Oral presention o 3-minute summary available on YouTube **Network Neuroscience** 2021

o Invited talk	
Available on YouTube Available on YouTube Available on YouTube	2020
Average controllability better predicts cognition when compared to strength Organization for Human Brain Mapping	2020
• Symposium	
Psychopathology explain individual's unique deviations from normative neurodevelopment	2020
Organization for Human Brain Mapping	
Oral presention	
Dimensional psychiatry in corticostriatal circuits: lessons learnt from resting-state fMRI data University of Pennsylvania	2018
Invited talk	
Transdiagnostic biomarkers in psychiatry Centre of Excellence for Integrative Brain Function, Melbourne, Australia	2018
Invited talk	
Confounds in rs-fMRI processing	2016
Swinburne Univerisity, Melbourne, Australia	
Invited talk	
Transcriptional signatures of connectomic subregions of the human striatum Students of Brain Research, Melbourne, Australia	2015
Oral presention	
Examining the N400m in affectively negative sentences. A magnetoencephalography study Australasian Cognitive Neuroscience Conference	2013
Oral presention	
Posters	
First Author.	
Network controllability in transmodal cortex predicts positive psychosis spectrum symptoms Organization for Human Brain Mapping	2021
Network controllability in transmodal cortex predicts positive psychosis spectrum symptoms Society of Biological Psychiatry	2021
Psychopathology explain individual's unique deviations from normative neurodevelopment Organization for Human Brain Mapping	2020
Impulsivity and compulsivity correlate with effective connectivity in corticostriatal circuits Organization for Human Brain Mapping	2019
Impulsivity and compulsivity correlate with effective connectivity in corticostriatal circuits Australasian Cognitive Neuroscience Conference	2018
Evaluating the efficacy and sensitivity of motion correction strategies for rs-fMRI Organization for Human Brain Mapping	2018
Efficacy, reliability, and sensitivity of motion correction strategies for resting-state functional MRI IEEE International Symposium on Biomedical Imaging	2017
Efficacy, reliability, and sensitivity of motion correction strategies for resting-state functional MRI Students of Brain Research	2017
Academic Service	
Committees	
Organization for Human Brain Mapping, Student and Postdoc Special Interest Group Treasurer	2019 - 2021
Australasian Cognitive Neuroscience Society, Early Career Researchers Committee Committee Member	2017

DataPhilly

Australasian Cognitive Neuroscience Society, Executive Committee ECR Representative	2017
Students of Brain Research	2016
Treasurer	2010
Supervision & Mentorship	
Ashlea Segal	2018 - present
Graduate Student, Monash University	
Tayla Currie	2018
Undergraduate Honors Student, Monash University	
John Fallon	2017
Undergraduate Honors Student, Monash University	
Luisa Prochazkova International Visiting Scholar, Monash University	2016
Kristina Sabaroedin	2016
Undergraduate Honors Student, Monash University
